

# **RMCGA 2014**

## **- Weather Policy -**

RMCGA will use the following policy concerning events held throughout this 2014 season. While we live in Colorado where the weather will and does change at a moments notice, we understand and recognize that the safety of the membership is most important.

We also realize there is a balance that is required to allow a show to go on, as the show host is depending on that event as fundraiser and RMCGA membership has already paid for hotels and transportation of judges.

If there is a significant winter event the RMCGA board and show host will be in communication regarding any cancellation or delay of an RMCGA event. An official decision will be made 4 hours prior to the start of an event.

There are are several variables that will play into the decision by a unit director to travel to an event including road conditions, district policy, and parent permission. Therefore, pulling out of an RMCGA event will be at the discretion of the the Unit director. Forgiveness of any fees for pulling out of the show will be handled on individual basis by the RMCGA Board.
